EDUCATIONAL COURSES - REGISTRATION REQUIRED

Warrior Expo's courses are custom-tailored for different agencies. We cut out irrelevant details and focus on the scenarios you're likely to face. All courses are delivered in a hands-on format by experts who have lived—and survived—what they teach.

Human Resources: Leveraging Your Strengths 📅 July 10, 2019 ⌚ 1030 - 1130

In this session, you will learn the theory behind the four most common communication styles, identify your preferred communication, and learn how to adapt your style to improve communication and decrease conflict to get better performance results.

C4ISR: Counter UAS—The Rise of Commercial Threats 📅 July 10, 2019 ⌚ 1200 - 1300

Unmanned Aerial System's (UAS) availability, affordability, and technology has surged. As unfriendly individuals, groups, and countries gain access to this technology, the need to develop useful countermeasure systems that are versatile, scalable, and available today, continues to rise. This course helps attendees carefully consider potential roadblocks to procuring effective solutions in a timely manner.

Contracts: Rapid Acquisition in Times of Crisis 📅 July 10, 2019 ⌚ 1330 - 1430

Recent crises such as the Austin bombing, Vegas shooting, natural disasters, and rapid deployments all have one thing in common—equipment was needed and FAST! Learn how ADS leverages agile and flexible procurement solutions to meet your needs in a time of crisis.

Human Performance: Control Stress Response 📅 July 10, 2019 ⌚ 1500 - 1600

Did you know evolutionary mechanisms designed to cope with stress can strangle performance? In this session, participants will learn about the physiology behind feedback loops that exist between the brain and breath, how the body reacts to stress, and practical tools to redirect behavior patterns in high-stress situations.

Product Development: Building Custom Solutions for Urgent Operational Needs

📅 July 11, 2019 ⌚ 1030 - 1130

Unmet operational requirements occur when a problem goes unidentified, the right solution doesn't exist, or funding isn't available. In this class, bring your most challenging requirement and learn how ADS' product development approach can serve you.

Contracts: Your Requirement Shouldn't Scare You 📅 July 11, 2019 ⌚ 1200 - 1300

ADS' team of subject-matter experts scout the defense landscape for the latest trends, technology, and equipment to anticipate your needs long before you need them! We partner with agencies to offer quick, efficient obligation of your funds for your equipment requirements in today's DoD budget environment. Whether you're procuring strength training equipment or extreme cold weather gear, we are your one-point source for rapid acquisition.

S&L: Adoption of Battlefield-Proven Technology 📅 July 11, 2019 ⌚ 1330 - 1430

What was once disarming a gunman has evolved into disarming an IED. Active shooters, domestic terrorism, the proliferation of drones, and the home manufacturing of illicit drugs are examples of how the first responder role is becoming more dangerous. Attendees will learn how this landscape is predicted to change and how to best equip their teams for the unexpected.
